What are you Waiting for...Who are you Waiting on! Since waiting is inevitable; why not gain proven and valuable tools on learning how to wait right

The truth is, we ALL have to wait on something or someone. Until you leave this Earth, you will find yourself in a "waiting place"...in the place of between. Whether you are waiting on a call, a promotion, a doctor's report, a proposal, in a line, in traffic, at a light, to hear an "I'm sorry", to be heard, your turn, your chance; whatever the situation or circumstance, we all will find ourselves waiting.

Dr. Tuesday Tate has penned a masterful writing on a topic that affects every person of every age, class, race, gender, religion and walk of life. "[Waiting | Mastering the UnAvoidable](#)" is an in-depth look, read, and tool to help you understand the purpose and benefits of waiting and how to wait "right".

On September 7th at 5pm in Indianapolis, IN at Abuelo's Mexican Food Embassy – Private Dining Room | Trader's Point | 5910 West 86th Street, Dr. Tuesday will be celebrating her first book launch.

Found within these pages are personal testimonies of waiting "wrong" and waiting "right". Each chapter includes Dr. Tuesday's personal reflection of what she has learned from waiting and leaves room for the reader to reflect and capture their thoughts as well. It also includes a personal survey allowing you to assess your attitude towards waiting. You will not be disappointed. Every page captures a unique thought for you to consider, ponder, and apply to your waiting season.

Here is what readers are saying about the book:
